Thames Water has reviewed its prices in conjunction with several leading economists who regularly provide advice on likely future trends. Inflation in the UK has been on an upward trend since April 2009, and their advice to us is that inflation will reach 4.2% over the next 12 months. It is this figure that Thames Water has used to review its prices for the coming year.

To avoid delays, please ensure that relevant personnel within your company are made aware of these changes as appropriate. If you require any further information or have any queries, please do not hesitate to contact Thames Water Property Insight's Customer Support Team on 0118 925 1504.
